

Making sense: a student's guide to research and writing : psychology and the life sciences, 2007, 240 pages, Margot Northey, Brian Timney, 0195426215, 9780195426212, Oxford University Press, 2007

IMaking Sense series comprises five concise, readable guides to research and writing for use by students at all levels of undergraduate study. Designed especially for students in psychology and the life sciences, including biology and zoology, this book outlines the general principles of style, grammar, and usage, while covering such issues as how to prepare papers using APA guidelines, how to write research proposals and honors theses, and how to use graphic presentation software when giving an oral presentation. This edition has new material on evaluating Internet sources and avoiding plagiarism, as well as new and updated examples.
